

If someone gave you

\$71 PER DAY

How many ways could you **help**
your **child?**

Could you

- ... quit your second job?
- ... afford a better home?
- ... buy more nutritious food and warmer winter clothing?
- ... improve your child care situation?
- ... get better health care?

Of course you could.

If you can't afford these things on your own, the Children's Aid Society can take your child away from you. Permanently.

Did you know that Ontario's CASs receive *at least* \$71 per day for every child in foster care. That's over \$2,100 per child per month, or over **\$25,000** per child per year.

Our government is willing to pay ALL of your child's expenses, as long as a stranger raises your child.

It costs less to SAVE a family than to DESTROY one.

Save Ontario's families by helping to fix Ontario's child protection laws. You probably weren't told that these laws are currently being reviewed. Make your voice heard.
